Computer Components Flowchart
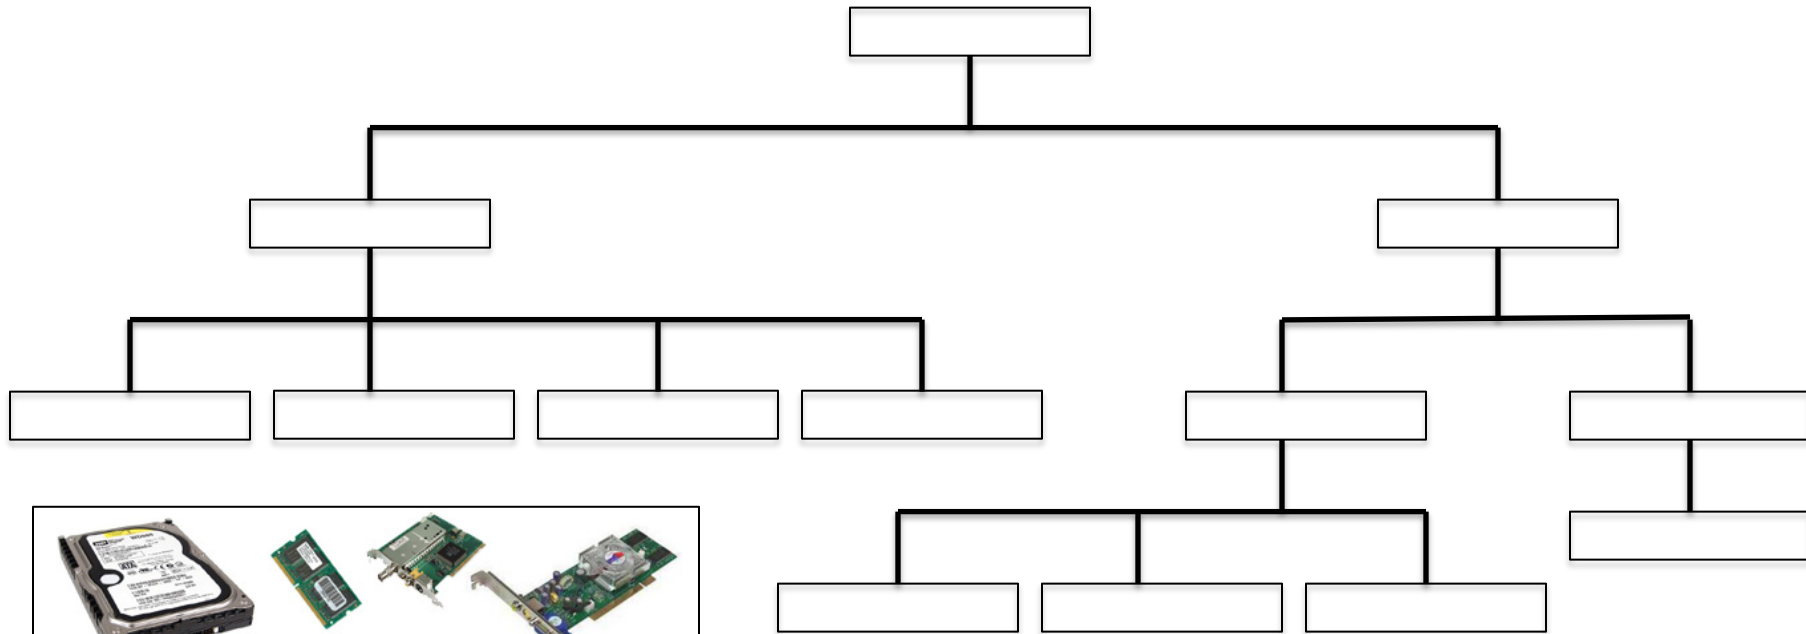

Part 1: Flow Chart! *(14 pts.)*

Look at the definitions you wrote for each of the terms below and place them accurately into the tree diagram *(26pts.)*.

Hardware	Hard Drive	M.S. Power Point
RAM	Microsoft Windows	Operating System
Applications	Processor	Computer
Mother Board	M.S. Word	
Software	M.S. Excel	

Example Flowchart

Here is an example of how a flowchart is organized. I hope this helps you understand how you need to organize the computer components.

Fruit	Meyers	Red
Limes	Fuji	Delicious
Apples	Pippin	Lemon
		Citrus

```
                              Fruit
            ┌──────────────────┴──────────────────┐
          Apples                                 Citrus
    ┌───────┼───────┐                      ┌────────┴────────┐
Red Delicious  Pippin  Fuji              Limes            Lemons
                                                             │
                                                          Meyers
```
