

## Data Privacy?

What do you know about the data collected about you every day?

Write down 3 websites, web services, or apps that you use the most or rely on the most to stay connected to friends and family, or use for “productivity” like schoolwork.

	Site #1	Site #2	Site #3
<b>Name of Site/Service:</b>			
Do you have an account?			
What type of data could this site collect on you?			
Do you know if this data is shared with other people, companies?			
Do you know how you would find out what data is collected or how it's shared?			
Select 1 of your sites. Find their Privacy Policy. What does it say? Are you comfortable with the policy?
