

# Text Wrapping & Constraining An Image

Old Code- Text Wrapping Does not Exist Around the Image.

```
<html>
<head>
<title>Geography</title>
</head>
<body bgcolor="Yellow">
<h1 align="center"><font color="red" face="Arial">World Geography</font></h1>
<p align="center">(click a link below to view the world)</p>
<p align="center">
<p align="left"><a href="SanFrancisco.html"><b>San Francisco</b></a></p>
</body>
```

New Code- Text Wrapping Exists Around the Image.

```
<html>
<head>
<title>Geography</title>
</head>
<body bgcolor="#ccffff">
<h1 align="center"><font color="red" face="Arial">World Geography</font></h1>
<p align="center">
<h3> <font color="Green" face="Arial"> Traveling The World</h3>
<font color="red" face="Arial">I love traveling around the world. It is exciting to visit other
cultures. This summer I plan on visiting Boogla! </font>
</p>
<br>
<br>
<br>
<br>
<br>
<p align="left"><a href="SanFrancisco.html"><b>San Francisco</b></a></p>
</body>
```
