"Star Wars"
Spring 2020 Grade Sheet

Google Slides	
Submission #1: Script & Storyboard Students will write a script detailing the conversations between actors & actresses in their scene. They will also draw the different views in each scene	40pts.
Submission #2: Animation "Motion Jet Fighter" All students will recreate "Jet Fighter" so that they will have the expertise to add at least 1 animation and 1 sound effect to each of their scenes.	50pts.

Submission #4: Your Finished Video
The Scene that you created will be checked for its quality:
    1. **Video**:
        a. Please talk to the student that has the seen before you and the scene after you and discuss where you believe your scene should end and their scene should begin.
    2. **Audio**:
        a. All students will add at least 1 sound effect to each of their scenes.
        b. All students will incorporate "Callouts" and matching audio recordings to match any dialogue occurring in their scenes.
    3. **Animation**:
        a. All students will create at least <u>1 animation for each of their scenes.</u>
    4. Timing (Attention To Detail!)
        a. The viewer should only have to click the play button once at the beginning of your slide show in order to have it start. Each of your slides should then appear automatically after the previous one ends. If you are unsure how to do this, watch the "Jet Fighter" tutorial.
        b. The scene you create should let your audience believe your scene is real! So have your Animated items appear, move and disappear in the correct sequence.
